### ***Parnell Pharmaceuticals: Pretz Nasal Products***

This company provides a different irrigating solution that includes glycerin and saline formula with an added organic compound called yerba santa.

URL: <http://www.parnellpharm.com/pretz.htm>

### ***TeledyneWaterPik***

A pulsating liquid delivery system formerly engineered for use as an oral irrigator and is currently being used for nasal irrigation. This product requires the use of a nasal adapter that can be purchased from various companies, including Ethicare, ENTsol, Kenwood, and HydroMed.

URL: <http://www.waterpik.com>

### ***Kenwood Laboratories: ENTsol***

This line of nasal irrigation products provides a wide selection. The ENTsol reusable 8-oz. bottle for use as a nasal wash irrigation device can be used with powdered solutions such as ENTsol Packets or ENTsol Solution.

URL: <http://www.entsolwash.com>

***Ethicare: Hydro-Flo***

This delivery system is motorized and provides a steady flow (nonpulsatile) of irrigating solution from a sealed 1.5 liter container. Flow rate can be controlled during irrigation.

URL: <http://www.ethicare.com>

***Hydromed: Grossan Sinus Irrigator***

This irrigating device employs pulsating irrigation delivered through a cone-shaped silicon nasal tip adapter attached to a WaterPik oral irrigator.
